

# MANOR WELCOMES WOMEN TO OUR NONTRADITIONAL PROGRAMS

In spite of what you may think, there's no such thing as a "man's job" or a "woman's job." Skill requirements don't have a gender, so why should jobs?

## MANOR COLLEGE WELCOMES WOMEN TO THESE NONTRADITIONAL PROGRAMS:

- Computer Programming
- Computer Systems and Technology
- Management Information Systems
- Paralegal Program

**The term nontraditional careers** refers to jobs that have been traditionally filled by one gender. The US Department of Labor defines nontraditional occupations as occupations for which individuals from one gender comprise less than 25% of the individuals employed in each such occupation.
